# Coverdecor

The coating hardening at room temperature

It solidifies out of the refrigerator in few minutes

No more cracks on the surface

Shiny and brilliant

Without palm-oil

Sharp cut

Gluten free

Our new **COVERDECOR** is made for covering donuts, éclairs, cream puffs, cakes and gives a shiny, flexible coating hardening at room temperature in few minutes. There is no need to cool down the finished product in the fridge.

It is easy to use (warm it up to 50 C° in a microwave oven) and once solidified, it can be frozen without affecting its characteristics.

## 5 TASTY FLAVOURS
